

Dear - Mohammed Talib,

Please find below your CAS statement for the University of Essex.

## About your CAS (Confirmation of Acceptance for Studies):

- Your CAS statement is an electronic document issued by The University of Essex through the Home Office system.
- You will need to enter the CAS number stated below when you make your Student visa application.
- This CAS is valid for 6 months from the date of issue and can be used to make one Student visa application.
- We reserve the right to withdraw the CAS if you fail to register, or if we become aware that you cannot meet the requirements to make a successful Student visa application.

## What you need to do now

### Check the information in your CAS statement and contact us immediately if:

- Any details in the CAS statement are incorrect and need amending.
- You think you may want to change your course.
- You do not intend to use this CAS.
- You are unable to or do not intend to register for your course.
- You are already in the UK and are unsure if you are eligible to make a Student visa application.

It is your responsibility to check ALL the details in this statement and request amendments before making your Student visa application. If you do not request any necessary amendments before making your visa application, we cannot be held responsible for any subsequent problems with your visa.

If you have made a payment to the University and this is not showing on your CAS as expected, then contact us at [visaquery@essex.ac.uk](mailto:visaquery@essex.ac.uk) before you make your visa application so we can get the payment verified and added to your CAS.

## Your Student visa application

You must be able to demonstrate that you meet ALL the Student visa rules and requirements on the date you make your Student visa application. If you do not, your application will be refused and you may not be able to start your studies as planned.

- Let us know as soon as possible if your Your Student visa application is refused and provide a copy of your refusal notice.

By using this CAS you are entering into a contract with the University as your Student visa sponsor. You must maintain your immigration status throughout your studies. As a sponsored student you will have many additional responsibilities both to us and the Home Office whilst you are studying. You can see more information about these responsibilities here: <http://www.essex.ac.uk/immigration/studies/responsibilities.aspx>

## Frequently asked questions

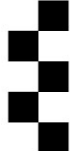

We've provided answers to some frequently asked questions below. Please read our website for more detailed information and follow links to the Student visa guidance. If you can't find what you're looking for you can contact us via the 'ask us a question' section: [https://www1.essex.ac.uk/immigration/apply\\_for\\_a\\_visa/student-route/default.aspx](https://www1.essex.ac.uk/immigration/apply_for_a_visa/student-route/default.aspx)

## Can you help me make my application?

If you are eligible to make your application inside the UK, we strongly recommend that you attend a visa workshop and use the check and send service [provided by SU Advice](#).

## Where can I apply from overseas?

You should normally apply from your home country. If you are legally resident in another country you may be able to apply from there. If you are unsure whether you are eligible to apply outside your home country, you should check with the Visa Application Centre you intend to apply to. In most countries you will make your visa application online and then attend an appointment at the nearest Visa Application Centre.

## Can I make my application in the UK?

It will depend on the type of visa you have now and when it expires. If you are in the UK as a Student visa student you must meet the Home Office requirements on academic progression and your current visa must not expire more than 28 days before your new course starts.

## When can I apply?

If you are applying outside the UK, 6 months before the course start date on the CAS, provided you meet all the other requirements. If you are applying inside the UK, 3 months before the course start date on the CAS, provided you meet all the other requirements.

## How much money do I need?

This will depend on the length of your course. Make sure you arrange your finances early. You will need to show you have the money to pay the outstanding tuition fees (as stated on your CAS) and living costs and must have held the funds for the required length of time prior to making your Student visa application. In addition, you will need enough money to pay the application fee, the Immigration Health Surcharge (if applicable) and any other fees. Read our 'applying for a visa' page for more information as well as the relevant section of the Student visa Guidance for detailed guidance on official financial sponsorship, where you can hold the money, how long for and what documents you need to provide.

If you are applying from a 'low risk' country through differentiation arrangements you do not need to supply evidence of your qualifications or your money but you must have the evidence to supply to the Home Office if they ask for it.

## What should I select as my collection location for my Biometric Residence Permit (BRP)?

For our Colchester or Loughton Campus select ACL (Alternative Collection Location) 2HE557.

For our Southend Campus select the Southend-on-Sea Post Office, SS1 1LL.

If you are studying for less than 6 months and applying overseas you won't be issued with a BRP. If you are applying in the UK your BRP will be sent to the address you put on your application form.

More about your BRP: [https://www1.essex.ac.uk/immigration/apply\\_for\\_a\\_visa/student-route/biometric-residence.aspx](https://www1.essex.ac.uk/immigration/apply_for_a_visa/student-route/biometric-residence.aspx).

## What UK address should I put in my application?

You should enter the address you will be living at. If you don't know the address yet you should use the address of the University (and the specific address for the campus you will be studying at – this is stated on your CAS statement). You will need to provide your UK address to the Home Office when you have moved in.

## What to declare on the application form

You will be asked for lots of information including questions about previous visits to the UK and your immigration history as well as any criminal offences you may have committed. Failure to provide certain information could lead to a refusal and you may not be able to make a new application. Contact us at? [visaquery@essex.ac.uk](mailto:visaquery@essex.ac.uk) if you are unsure about declaring something.

## How long will my application take?

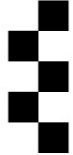

Student visa applications are usually processed within 15 working days from the date your biometrics are taken but it can take longer. In some countries there may be a faster premium service you can pay extra for. It is recommended that you do not book your flight until you have received your passport back containing your entry clearance sticker.

## Will I be interviewed as part of my application?

You should expect to be interviewed as part of the application process. [You can see more information about interviews on our website.](#)

## What should I do if my application is refused?

Contact us immediately by emailing a copy of your refusal notice to [visaquery@essex.ac.uk](mailto:visaquery@essex.ac.uk) we will advise you. You will not be able to make a new application using the same CAS.

## How long should my visa be valid for and when can I come to the UK?

The length of your visa will depend the length and level of the course you will be studied. You'll also be issued with an entry clearance vignette that will be placed in your passport and you must enter the UK during the time it is valid. If you can't travel into the UK before the expiry date on the entry clearance vignette, you'll need to apply for a new one. If you are studying a course that is longer than 6 months your entry clearance will start up to a month before the course start date stated on your CAS. When you arrive in the UK you must pick up your BRP from the collectifon location you selected, you'll need it to prove your immigration status.

See the information here: [https://www1.essex.ac.uk/immigration/apply\\_for\\_a\\_visa/student-route/biometric-residence.aspx](https://www1.essex.ac.uk/immigration/apply_for_a_visa/student-route/biometric-residence.aspx)

## What will I need to register on my course?

When you register in person, you will need your passport and valid current visa that allows you to study with us. If anything else is required we will let you know.

If you've made a visa application in the UK and not had the outcome at the point that you are registering in-person, you will need to bring copies of your current passport and previous visas, and a full copy of your current visa application. See our website for more information: [https://www1.essex.ac.uk/immigration/apply\\_for\\_a\\_visa/student-route/outcome.aspx](https://www1.essex.ac.uk/immigration/apply_for_a_visa/student-route/outcome.aspx).
